

WALKING ON AIR

INSTRUCTOR AND GROUND HELPER FRIDAY ROTA

SPRING & SUMMER 2012

To all Members, Instructors and Helpers

To avoid instructors wasting a journey to Portmoak to find that no members booked are present it is suggested that such members and helpers phone the duty instructor on Thursday afternoon/evening to confirm if flying is still planned for Friday. Instructor's landline and *mobile* (for Joe Fisher and Steve Derwin) numbers are shown below. Let's try it!

If any of the dates below are unsuitable, please arrange a swop with another, and for the instructor's information, change the notice board copy of this rota.

Thank you all for your time and help. Peter Clayton 6th February 2012
